

Update for SH-400HD parameters

1. Download the file SH-400HD parameters (according to your region, select the suitable TP list, such as if you locate in European countries, then select TP-European file. Do the same for Asian and American) under: www.satherometers.com
2. Open the Excel file
3. Save file and use ".CSV" as suffixal name.
4. Copy the ".CSV" file to U-disk
5. Turn on the SH-400HD satellite finder, and insert U disk.
6. Select "USB" under main menu.
7. Enter USB menu, select Upgrade Type: USB Upgrade
8. Section: CSV
9. File Path: Select the ".CSV" file in the U disk, then press "OK" button to enter.
10. Wait the finder to be upgrade automatically and restart.
11. Finish satellite parameters upgrade.

Note: after upgrade, the former parameters and programs list will be deleted.
